

Ethics Beyond the Code™

Integration Reflection Guide

This guide is designed to support your preparation for the Integration Session.

It invites you to pause, reflect, and notice what is emerging as you consider how ethicality is lived in your practice.

Looking Back

What has stayed with you from the course?
What felt most significant or challenging?
What shifted in how you understand ethical practice?

Ethicality in Practice

Where are you currently holding ethical tension?
What feels clear — and what feels uncertain?
What is asking for your attention right now?

Agency and Choice

Where do you locate your agency in this situation?
What feels within your control — and what does not?
What choice is yours to make — even if it is difficult?

What Is Emerging

What are you beginning to understand differently?
What remains unresolved or in motion?
What feels important to carry forward?

You are not expected to resolve anything here.

This is an invitation to notice, reflect, and arrive at the session with what is present for you.
